But this time in a totally new language, the preserve of the literary wizards, the forbidden domain, the artistic domain of poetry. This book is a collection of 100 poems, all on different topics, all about various facets of life, all with a subtle message and all in the first person. The author feels that, this was not done with a design, but has emerged to be so. Perhaps, instinctively. The book traces the intricate web of emotions and various facets of life like, the sublime feeling of love, misery and pain in life, the dilemma of conflicting thoughts, the nature and its cosmic manifestations, stretch of his poetic imagination to crystal gaze into this world and the world beyond, and finally the memories, what these hold for us in store.
