paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 310 Publisher: China Water Power Press Pub. Date :2004-08. This textbook is the National Vocational Electrical class quality planning materials in the one whose contents the depth of the difficulty in accordance with the characteristics of vocational education and the need for design and preparation of this material to Intel 8086/8088 MCS-51 series microprocessors and microcontrollers as the background. using the basic principles of computers. micro-chip computer principle and the principle of combining hardware and software combination of methods. described in two parts mini-computer systems and microcomputer systems theory and applications mainly include: computer system overview. operations based on 8086 microprocessor. assembler and instruction set design. memory system. the interrupt system . DNA controller and timer counters. computer interfaces and communications. DA AD conversion and interface technology. bus technology. MCS-51 microcontroller hardware architecture. instruction set. assembler programming. microcontroller system interfaces and communication technology. microcontroller application development in this electrical materials for vocational classes and application of principles of professional computer courses. but also for other levels of vocational schools or teaching materials related to professional reference books. Contents: Preface Chapter 1 sequence micro-computer system development overview 1.1 1.2 micro-micro-computer characteristics of the computer systems and applications 1.3 1.4 multimedia microcomputer microcomputer exercises and reflection questions the basis of Chapter 2. computing the number of representation 2.2 2.1 Digital 2.3 encoding and character of the method of computing the number of exercises and reflection questions in Chapter 3 micro-processing and Instruction 3.1 3.2 intel 8086 microprocessor addressing modes 3.3 intel 8086 instruction exercises and reflection questions Chapter 4 fabric storage System 4.1 Overview 4.2 ram 4.3 read-only memory read-write memory. the memory chip and cpu rom 4.4 Connection and...
