Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. T.S. Eliot's *The Waste Land* has been called one of the most important poems of the 20th Century and it might actually be one of the most important poems ever. Like, ever. *The Waste Land* can be difficult to read because it constantly shifts between different speakers and scenes, often without warning. At one moment, you're a woman reminiscing about riding on a sled when you were young; at another, you're staring at a dead sailor who's decaying at the bottom of the ocean. But no matter how weird things get, make no mistake: this is a very, very serious poem about a very serious subject: the decline of western culture and the beauty that this culture once possessed, back in the good ol' days of classic times.
