## Handbook of Japanese Mythology (Paperback)

By Michael Ashkenazi

Oxford University Press Inc, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book. Japanese gods, too numerous to count, are known collectively as yaoyorozu-no-kamigami-the eight million. They are the cast of a vast, complex mythology that encompasses two religions, three cultures, and three millennia, one whose ancient deities are still hard at work today. Handbook of Japanese Mythology makes it easy to travel this vast yet little-known mythological landscape. The book reveals the origins of Japan s myths in the very different realms of Buddhism, Shinto, and folklore, and explores related mythologies of the Ainu and Okinawan cultures and recent myths arising from Japan s encounters with modernization. It then offers vivid retellings of the central Shinto and Buddhist myths, plus descriptions of major historical figures, icons, rituals, and events. For students or long-time enthusiasts, it is the ideal guide for investigating Japanese reverence for the sun, the imperial family, and the virtues of purity and loyalty. Readers will also learn why sumo wrestlers stomp before each match, how a fussy baby creates thunder, why Japan has a god for soccer, and much more.

### Reviews

*Completely essential study ebook. This is for all those who statte there was not a well worth reading. I realized this book from my dad and i recommended this publication to find out.*

-- Jarrell Kovacek

*Totally one of the best publication I have got ever go through. It really is packed with knowledge and wisdom I discovered this pdf from my dad and i recommended this book to discover.*

-- Madisyn Kuhlman
