Reviews

This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

University of Toronto Press. Paperback. Book Condition: new. BRAND NEW, **Killer Weed: Marijuana Grow Ops, Media, and Justice**, Susan C. Boyd, Connie Carter, Since the late 1990s, marijuana grow operations have been identified by media and others as a new and dangerous criminal activity of "epidemic" proportions. With **Killer Weed**, Susan C. Boyd and Connie Carter use their analysis of fifteen years of newspaper coverage to show how consensus about the dangerous people and practices associated with marijuana cultivation was created and disseminated by numerous spokespeople including police, RCMP, and the media in Canada. The authors focus on the context of media reports in Canada to show how claims about marijuana cultivation have intensified the perception that this activity poses "significant" dangers to public safety and thus is an appropriate target for Canada's war on drugs. Boyd and Carter carefully show how the media draw on the same spokespeople to tell the same story again and again, and how a limited number of messages has led to an expanding anti-drug campaign that uses not only police, but BC Hydro and local municipalities to crack down on drug production. Going beyond the newspapers, **Killer Weed** examines how legal, political, and civil initiatives that have emerged from the media narrative have troubling consequences for a shrinking Canadian civil society.
