

Kant: A Complete Introduction: Teach Yourself (Paperback)

Filesize: 7.68 MB

Reviews

Definitely one of the best book We have at any time go through. It is actually filled with wisdom and knowledge I am quickly could get a delight of studying a published book.

(Dr. Kim Bergnaum)

KANT: A COMPLETE INTRODUCTION: TEACH YOURSELF (PAPERBACK)

Hodder Stoughton General Division, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book. Written by Robert Wicks, a recognised Kant specialist who teaches at the University of Auckland, Kant: A Complete Introduction is designed to give you everything you need to succeed, all in one place. It covers the key areas that students are expected to be confident in, outlining the basics in clear jargon-free English, and then providing added-value features like summaries of key books, and even lists of questions you might be asked in your seminar or exam. The book uses a structure that mirrors many university courses on Freud and psychoanalysis - explaining and contextualising Kant's theories, which have been among the most influential in Philosophy. The book starts by introducing Kant and his way of thinking and arguing, before looking at how Kant answered three key questions: What can I know? What should I do? What may I hope? In doing so, Professor Wicks introduces the reader to all of Kant's key work, including The Critique of Pure Reason. Teach Yourself titles employ the Breakthrough method, which is designed specifically to overcome problems that students face. - Problem: I find it difficult to remember what I've read. ; Solution: this book includes end-of-chapter questions and summaries, and flashcards of key points available on-line and as apps- Problem: Most books mention important other sources, but I can never find them in time. ; Solution: this book includes key texts and case studies are summarised, complete with fully referenced quotes ready to use in your essay or exam.- Problem: Lots of introductory books turn out to cover totally different topics than my course. ; Solution: this book is written by a current university lecturer who understands what students are expected to know.
