METADATA FOR INFORMATION MANAGEMENT AND RETRIEVAL

Facet Publishing. Hardback. Book Condition: new. BRAND NEW, Metadata for Information Management and Retrieval, David Haynes, What is metadata and what do I need to know about it? These are two key questions for the information professional operating in the digital age as more and more information resources are available in electronic format. This is a thought-provoking introduction to metadata written by one of its leading advocates. It assesses the current theory and practice of metadata and examines key developments...

Reviews

Without doubt, this is actually the greatest work by any writer. It is actually written in simple terms instead of confusing. I found out this ebook from my i and dad recommended this pdf to understand.

-- **Kristy Dicki**

A brand new eBook with a new standpoint. I have got read through and i also am confident that i will gonna read again once again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Miss Shannon Hill V**

This created publication is excellent. It generally does not price a lot of. You may like just how the writer create this pdf.
