The clarity of David's argument and the strength of his conviction are truly inspiring. If you don't believe the world of software affects the world in which you live, you owe it to yourself to read this book. Lenny Zeltzer, SANS Institute faculty member and the New York Security Consulting Manager at Savvis, Inc. Geekonomics stays with you long after you finish reading the book. You will reconsider every assumption you have had about software costs and benefits. Slava Frid, Gemini Systems, CTO, Resilience Technology Solutions Information Security is an issue that concerns governments, companies and, increasingly, citizens. Are the computer systems and software to which we entrust our sensitive and critical information, technologies that are out of control David Rice has written an important and welcome book that goes to the heart of this issue, and points to solutions that society as a whole needs to debate and embrace. Nick Bleach, IT Security Director, Rolls-Royce If you are dependent upon software (and of course, all of us in the modern world are) this book is a fabulous discussion of how and why we should worry....
