Anthem Press, United Kingdom, 2014. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The pace of socioeconomic transformation in India over the past two and a half decades has been formidable. This volume sheds light on key processes of gendered change by exploring how macro-structural processes of social transformation interface with everyday life-worlds to generate new contestations and contradictions that impinge directly on the everyday lives of ordinary Indian women, and on the relations between genders. Through ethnographically grounded case studies, the contradictory and contested co-existence of discrepant gendered norms, values and visions in a society caught up in wider processes of sociopolitical change are portrayed. Women, Gender and Everyday Social Transformation in India moves the debate on gender and transformation into the domain of everyday life to arrive at locally embedded and detailed, ethnographically informed analyses of gender relations in real-life contexts that foreground both subtle and not-so-subtle negotiations and contestations. The chapters take the reader inside the university classroom as well as the NGO, the urban slum and the rural health clinic; they visit the Pentecostal church, the call centre and the beaches of Goa; they venture into the men's rights group, the court room and the anti-land acquisition rally; they engage with Maoist writings and the ideology of neoliberal governance and they analyse the use of grinders, mixers, make-up, smart phones and solar photovoltaic mini-grids - to name but a few.
