

Context Aware Paradigm For Pervasive Computing Environments: A study of context aware systems and implementation

Filesize: 3 MB

Reviews

This book is amazing. it was writtern very completely and helpful. Your way of life period is going to be enhance as soon as you full reading this pdf.

(Antonia Lindgren II)

CONTEXT AWARE PARADIGM FOR PERVASIVE COMPUTING ENVIRONMENTS: A STUDY OF CONTEXT AWARE SYSTEMS AND IMPLEMENTATION

LAP LAMBERT Academic Publishing, 2012. Taschenbuch. Condition: Neu. Neu Neuware; original eingeschweisst; Rechnung mit MwSt.; new item, still sealed; - Pervasive Computing integrates numerous, casually accessible and inexpensive mobile devices with traditional distributed systems. The foremost issue of pervasive computing is Context-Awareness. Context-awareness requires flexible context sensing and context interpretation mechanism that are used in smart service discovery and its subsequent delivery to the mobile user. The proposed research, CAPP, is a Service Oriented Architecture (SOA) that enhances smart service discovery in a pervasive environment. Objective of CAPP is to deliver the best service available, among a pool of similar services, to the user. The interpreted high-level context is then used to discover the best available service for the user. The proposed system is implemented in Java and simulated through test data. Results show that the proposed technique is promising. 84 pp. Englisch.
