

## A Matter of Degrees

By Dustin Pickering

Hawakal Publishers. Paperback. Condition: New. 52 pages. Dimensions: 8.0in. x 5.0in. x 0.1in. Heaven is the totality of all forces and existences which have originated in Absolute Nothingness. That Nothingness still exists and all things within and without it are illusory. Newtons nutshell hypothesis is substantiated by quantum physics. Matter is energy with weight. Colors, for instance, differ because of the weight of the ray. What determines the weight This is part of the complementary theory again. Position cannot be measured if momentum is already accounted. This is why the world appears real. More often than not, it is position we observe because momentum is force applied to velocity. In order to sense force and velocity, we have to be in harmony with the energies and the general chaos of those energies makes this rare if not impossible. A Matter of Degrees is a work that falls under the genre of Flash Wisdom. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
