Reviews

It is one of the best books. Better than ever, though I am quite late in starting to read this one. You won't feel monotony at any moment of the time (that's what catalogues are for regarding in the event you check with me).

Center for Creative Leadership, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Experience is vital for a leader's success, but merely having an experience (such as a challenging new job, a stretch assignment, or an unexpected hardship) isn't enough. The best leaders know not just how to seek out developmental experiences, but how to extract the essential lessons within each experience and apply them to future situations. This book will walk you through a four-step process for making the most out of your experiences. You will learn how to seek out beneficial experiences, make sense out of both old and new experiences, internalize the most useful lessons from each experience, and apply those lessons to new, unfamiliar, and challenging situations. By becoming learning agile, you'll be able to use the lessons of experience to meet the challenges headed your way.
