CLIMATE VARIABILITY AND SATELLITE - OBSERVED VEGETATION RESPONSES

Climate variability and
satellite - observed
vegetation responses
A case study in Tanzania

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | A case study in Tanzania | Climate and vegetation growth of an area are interrelated processes; both take place on small to global scales. However, climate change and variability impacts on vegetation in most places in the world including Tanzania is of great concern since vegetation supports many socio-economic sectors, and play a crucial role in atmospheric greenhouse gas moderation. This study was carried out to investigate the changes in satellite observed vegetation...
