

Number Search Volume 2: 100 of the Best Number Search Puzzles (Paperback)

By Clarity Media

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Welcome to this fun collection of 100 number search puzzles. The rules of the game are simple, but the numbers can be tricky to spot in the grid. The numbers are hidden in the grid in a vertical, horizontal or diagonal direction, and either forwards or backwards. You must find them all in the grid, and cross them all off. If you enjoy wordsearch puzzles, then you should love numbersearch puzzles. The puzzles are a bit trickier than standard wordsearch puzzles as there are only ten possible characters in the grid, 0 - 9, as opposed to the 26 letters, A - Z, so numbers appear in the grid much more frequently than with a wordsearch.
