Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Lulu.com, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Based on real-life stories from an international school in Kuwait, which chart the survival of teachers from the thrown-in-at-the-deep-end start to the I-can-t-believe-we-made-it finish. Outlandish comedy abounds as the teachers laugh and lose it, through a mine field of barriers to logic, and challenges to plain common sense. The book illuminates the startling excesses of the oil-money rich as they balance a past of poverty with an extreme pot of gold from the end of the rainbow. It shows Kuwait as a microcosm reflecting the more global issues surrounding waste, ecology, using more than we need, and consumerism gone mad. The stories reveal the pros and cons of teaching on the international circuit and how the teachers adapt to an alien land of dust, sexual and racial inequality and an oppressive political regime, both inside and outside school. Resilience, fortitude and a hefty dose of humour gets the teachers through to the end with a cheer and a wave.
