Dreamscape Media, United States, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. A new collection, the first in well over a decade, from acclaimed poet Jay Parini, which revolves around his deep connection to nature and underlines his concerns about the impacts of pollution and climate change. Published on the heels of a major new biography of Gore Vidal (Doubleday, 10/2015), and around the same time as the anticipated release of a new film based on his book Benjamin's Crossing, this collection will also be his first since the release of the popular and acclaimed film The Last Station, based on his novel of that same title. In these beautiful, haunting poems, Parini writes about the landscapes of Mining country, of the railroads of Pennsylvania, of farm country, of world's lost, families dispersed, faith tried and contested.
