Taylor Francis Ltd, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This interdisciplinary book investigates the consequences of the language of terror for our lives in democratic societies. The approach of this book is in direct contrast with those that either view terrorism simplistically, as a clear reality threatening democratic society and thus requiring certain sorts of response, or argue, equally simplistically, that the invocation of terror is merely the ideological veil for continued capitalist exploitation. While closer in spirit to the second of these, this work does not simply dismiss the discourse on terror, but rather investigates the consequences of this discourse for the organisation of life in democratic societies. In interrogating the discourse of terror from a variety of viewpoints, this interdisciplinary text builds upon the understanding of the importance of the language of terror from a new perspective: the interconnections between discourses of terror; the material realities they at once reflect and help produce; and the specificities of particular historical circumstances. In offering an integrated approach of this sort, and founded on a base of applied philosophy, broadly conceived, the contributors offer a new contribution to both public and academic debate, and at the same time initiate a series of further interventions in Critical Terrorism Studies. This book will be of interest to students of critical terrorism studies, terrorism studies, security studies, philosophy and discourse theory. Bob Brecher is Director of the Centre for Applied Philosophy, Politics Ethics at Brighton University.
