Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Gamingtologists believe our existence is as Gamer s in a reality we call life. We are celestial entities in control of human bodies. Our connection with these bodies creates a combined conscious link. This link forms the identity we are in consciousness. In essence we live in a virtual reality created by everyone s consciousness. For many, the awareness of their true self and possibility has been lost. The connection to their celestial bodies have faded and the animal instincts cloud their thoughts, leaving them vulnerable to control. The Fading The fading occurs from when we are conceived, where the toxins absorbed and consumed during our life, affect the ability to maintain this connection and weakens our Avatar. In addition, external entities create diversions and fear that pull us further away from our true potential and bring forth the animalistic behaviours of our Avatar. Reality We live in a virtual reality created by the combination of everyone s consciousness and our perception of reality. By changing your perception, you will change how reality is for you. If enough people change their perception, then change and new paradigms of reality are created. The reality you live in is not fixed; The way it is doesn t have to be the way it will always be. Connection Our reality is created by the collective of everyone s consciousness. Consider a person at a low part of their life; fearing much, more likely to become sick, prone to ulcers (Mouth, Stomach), low energy, mood swings, unpredictable nature and so forth. Now consider humanity as a whole; if our internal states were reflected in our reality, what our planet and societies look like. Humanity...
