Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Artificial Anaesthesia and Anaesthetics Into the following pages I have endeavored to distil all the excellences of the writers who have investigated the subject of Artificial Anaesthesia. The practised expert will, therefore, every where recognize the quality of Perrin, of Snow, of Simpson, of Sansom, of Anstie, of Turnbull, of Kappeler, and of Rottenstein. To this fine ethereal essence I would fain have added something of substantial value, but the unyielding limits of the time within which my endeavors were necessarily restricted would permit no such gratification. For the consequent inequality and insufficiency of a work performed without access to any library of importance, I must ask the forbearance of a generous profession. To my eminent colleague, Moses Gunn, Professor of Surgery in Hush Medical College, to the members of the surgical staff of the Cook County Hospital, and to my laboratory assistant, Mr. Edward P. Davis, my thanks are due for much practical assistance in the prosecution of these studies. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
