Elgin of Inspection of Vaccine Propagating Establishments in Europe: Extracted From the Twentieth Annual Report of the State Board of Health Dear Sir: In February last, I received an appointment through you as a special Commissioner of the State Board of Health of Pennsylvania authorized to make an inspection of the various vaccine establishments in Europe and report findings. The inspection was finished the latter part of last Spring but from the stress other duties in connection with the laboratory, and because of the time required for the translation and arrangement of a number papers, obtained at the various places visited, on subjects relating to vaccine, it was found impossible up to the present time to complete the report. I have the pleasure of transmitting herewith the results of a detailed inspection of ten vaccine laboratories in Europe, distributing as follows: One in London; two in France; one in Brussels; three Germany; two in Switzerland, and one in Italy. I am glad to say that my reception as your representative was especially cordial and that every courtesy was shown me by the several directors who gave me all the information at their disposal in reference to methods, results, etc., in the preparation of their vaccine. Since a detailed description in each instance is herewith transmitted, it will be inexpedient to further discuss the matter here. It may not be inappropriate, however, to call attention in a general way to some of the special features noted and draw a parallel with the methods in vogue in this country. Attention will first be called to certain features of the work practically common...
