iUniverse, United States, 2011. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. ADOLF HITLER IS DEAD! AND IT S ONLY 1943! Hermann Goering, Joseph Goebbels, Heinrich Himmler and Martin Bormann are also dead. And the leader of the assassination plot, Colonel Claus von Stauffenberg, is the new Chancellor of Germany. Stauffenberg unleashes Germany s wonder weapons, the Messerschmitt 262 jet fighter, the Arado 234 Blitz Bomber, and the Type 21 super submarine. But it may be too late. The massive Soviet army is marching relentlessly to the west. And the Americans and British are bombing Germany day and night, wrecking its war machine, killing hundreds of thousands, and paving the way for an invasion in 1944. Germany is running out of time. But it still has one super weapon left, and that s the atomic bomb, originally approved by Hitler in 1934 but abandoned by him in 1940. Professor Werner Heisenberg and his team of nuclear scientists, now decimated by Hitler s anti-Jewish hysteria, are Germany s only hope. Can Germany snatch victory from the jaws of defeat by unlocking the secrets of the atomic bomb before the scientists of the Manhattan Project? Can this terrible weapon be used against the Americans and the British to force them out of the war, and then smash the Soviet Union? Can Hitler s dream of a thousand-year Reich be achieved even as his ashes lie at the bottom of a lake on the outskirts of Berlin?.
