Next (Hardback)

By Michael Crichton

Harper, United States, 2006. Hardback. Condition: New. New. Language: English . Brand New Book. Is a loved one missing some body parts? Are blondes becoming extinct? Is everyone at your dinner table of the same species? Humans and chimpanzees differ in only 400 genes; is that why a chimp fetus resembles a human being? And should that worry us? There s a new genetic cure for drug addiction--is it worse than the disease? We live in a time of momentous scientific leaps, a time when it s possible to sell our eggs and sperm online for thousands of dollars and to test our spouses for genetic maladies. We live in a time when one fifth of all our genes are owned by someone else, and an unsuspecting person and his family can be pursued cross-country because they happen to have certain valuable genes within their chromosomes . . . Devilishly clever, Next blends fact and fiction into a breathless tale of a new world where nothing is what it seems and a set of new possibilities can open at every turn. Next challenges our sense of reality and notions of morality. Balancing the comic and the bizarre with the genuinely...
