Brand New Book ***** Print on Demand *****.Bill s Im-Perfect Time Management Adventure begins with an anonymous email - it warns Bill, an engineer at Syscon, that he s on a list of project managers at risk of layoff. A conversation with his boss confirms his fears - his poor time management skills threaten his financial security and his family s well-being. To escape failure, he must improve dramatically, and fast. In quick succession, he tries several prescriptions for better time management - a new smartphone, a popular book and a colleague-turned-coach. With his colleagues help, he visualizes the group of core skills that people already use unconsciously to manage their time as seven ladders that people can climb in order to improve dramatically in a short time. His good luck runs out, however, when Syscon calls him back. Though his future unnerves him, he...
