Praeclarus Press, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Most new parents want to do everything they can to ensure their baby has the best chance of having a great life. After reading all the books, talking to all the friends, and eating all the right foods, parents quickly learn, however, that taking care of their baby is not formulaic. Everybody seems to have a different answer. According to author Kathleen McCue, a nurse practitioner and lactation consultant, there is no ONE right way to do it. She suggests you should take everybody s advice, stir it up in a big pot, and pull out the pieces that work for you and your baby. In a humorous way, McCue shows you that you already have all the tools you need to do this parenting thing, and to do it well.
