

Frightlopedia: An Encyclopedia of Everything Scary, Creepy and Spine-Chilling, from Arachnids to Zombies (Paperback)

By Julie Winterbottom

Workman Publishing, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. It s one-stop shopping for everything scary: a survey of over 50 of the world s most gruesome places, creatures, and scary stories, organised like an encyclopedia - from arachnids to Zombies and written just for kids. It blends nonfiction (How do you say boo in other languages? Can a person actually be scared to death?) with fiction (stories of creepy monsters from around the world), and hands-on activities (from applying zombie makeup to creating your own ghost stories). Take a tour of Borneo s Gomantong Cave where bats, cockroaches, spiders, and rats live together in the millions among the pitch black. Or enter into the Beaugard-Keyes House in New Orleans where Civil War soldiers still do battle in the front hall. Discover the origins of mythical horrors straight out of your nightmares like the Mongolian Death Worm and The Bell Witch, as well as creatures we only wish were fiction like killer bees, the deadly insects created by scientists in a failed lab experiment in 1950. Identify plants like the Machineel of Southern Florida and Central America, a tropical tree covered in succulent looking fruit..

Reviews

Very good e book and helpful one. it was writtern quite properly and helpful. I am quickly could possibly get a enjoyment of looking at a composed book.
-- **Connor Lowe IV**

This publication is indeed gripping and intriguing. It is actually writter in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be he best pdf for at any time.
