## PHOTOGRAPHER S GUIDE TO THE CANON POWERSHOT S110 (PAPERBACK)

White Knight Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book, a complete guide to the operation and features of the Canon PowerShot S110 digital camera, is a follow-up to the author's earlier guides to advanced compact digital cameras. This guide explains all operations, features, menus, and controls of the PowerShot S110 camera in clear language, providing guidance not only about how to accomplish things with the camera, but when and why to use certain features. The book does not assume any specialized knowledge by the reader, but clearly explains topics such as autofocus, manual focus, depth of field, aperture priority, shutter priority, HDR (High Dynamic Range) photography, white balance, ISO, and macro photography. The book gives details about how to take advantage of the camera's varied array of Scene and Creative Filters shooting settings. The guide's more than 300 photographs, almost all in full color, provide illustrations of the camera's controls and menus, and also include examples of the various types of photographs that can be taken using the many creative settings of the camera, including the Creative Filters settings, which let the photographer alter the color processing and other aspects of images; various menu options such as i-Contrast and digital zoom; and the camera's strong set of features for continuous shooting. In addition, the book goes beyond the realm of everyday photography, providing introductions to more advanced topics such as infrared photography, street photography, and using the Raw format, which permits a wide range of adjustments to images after they have been captured. The book also includes a full discussion of the video recording abilities of the PowerShot S110, which can record high-definition (HD) video with stereo sound and can take Super Slow...
