OUTLINES OF CHEMISTRY, FOR THE USE OF STUDENTS, VOL. 2: ORGANIC CHEMISTRY (CLASSIC REPRINT) (HARDBACK)

DOWNLOAD

Forgotten Books, 2017. Hardback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Excerpt from Outlines of Chemistry, for the Use of Students, Vol. 2: Organic Chemistry The Outlines of Organic Chemistry, on the same plan as the Outlines of Inorganic Chemistry, are now offered to the public. In the present state of Organic Chemistry, a complete and scientific arrangement is quite unattainable, and I have there fore followed, in most points, the order adopted by Professor Liebig and myself in the last editions of Turner s Elements of Chemistry. This arrangement is so far convenient that substances of analogous properties and composition are treated of together; but it is only in the case of the known or admitted organic radicals that it is at all systematic. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
