Broiling in the stifling heat of the Valley of the Kings, an Egyptologist impatiently awaits official permission to unseal and dismantle the wall of a tomb that has escaped discovery for thirty-three centuries. She has been given the chance of a lifetime-to dig at a coveted site where radar scans have revealed two mysterious voids beneath the sands. As the sounds of digging echo through the valley, she wonders if it is possible that long awaited answers to ancient mysteries lie just beneath the tarmac where thousands of oblivious tourists walk every day. She is about to find out. Thirteen years earlier, a royal princess asked her family to help her in a great deception. She had no idea what the future held, but there was no turning back once the course was set. Now as Egyptologists from around the world converge on Cairo, they are unaware that destiny has chosen one lost queen to find another. THE LOST QUEEN OF ENGLAND is a compelling tale that weaves its way through ancient palaces, sails up the Nile, and flies across the desert in a golden chariot, ultimately leading to a captivating conclusion.
