Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A Slumbering Volcano: Industrial and Economic Treatise This little pamphlet requires no introduction. It will introduce itself to all open minded people who are concerned with the solution of the grave economic and industrial problems that are not only a menace to the institutions and government of the United States, but threaten the overthrow of civilization. Without a book of any kind for reference (save a Bible which I borrowed), I write this book in the depths of retirement, far from the madding crowds in noble strife. Yet, I ask no forbearance of criticism. I am fully able and abundantly prepared to defend it against the criticism of all who pose as authority on economics, politics, science, religion, heredity or any other matter discussed in these chapters. I serve notice, however, that no attention will be paid to lickspittles who may snap at my heels at the bidding of their masters. My hat is in the ring, and none but heavy-weights need answer the challenge. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
