Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **Infant Education From Two to Six Years of Age: Applicable to the Infant School and the Nursery** The following work, although necessarily entering into the details of an Infant School, will not be duly appreciated if it shall be mistaken for an Infant School Book exclusively. With the exception of a few matters of Infant School arrangement, the whole volume may be used to train even a single child in a nursery, under the care of a judicious mother or governess. This will at once appear, when it is considered that the First Section contains the general principle of Infant Training, - the Second describes the Apparatus, which will be found as useful in the nursery as in the Infant School, - the Third, with the exception of classification and monitors, arranges the instruction of a week, which a mother or governess may, if she pleases, adopt in private tuition, besides embodying the requisite intellectual lessons, - and the Fourth presents those moral lessons which every child requires, whether alone or in school.
