Her dark skin looks almost grey; the effect of the elements and death's touch. Her limp body left pressed against a wire fence like trash. I make a silent promise that I will do everything I can to catch the person who did this to her. Exactly a year ago, Amy, a young detective on Detective Kate Matthews team, was killed when she was sent undercover to catch a serial killer targeting young girls. Kate never forgave herself for letting the killer slip through her fingers. As the case is reopened and the campaign to find the culprit begins again, Kate is told to stay well away, and for good reason: another girl's body has been found. Kate is determined to connect new evidence to the old to catch this monster before more innocent lives are taken. The trail runs cold when her prime suspect is found dead. But then why is the body count still rising? The answer is more terrible than Kate could possibly have imagined, and the killer so much closer than she thinks. An absolutely heart-stopping crime thriller that will have you sleeping with the lights on. Perfect for fans of Robert Dugoni, James Patterson and MJ Arlidge.
