Complete CL: Sixth Edition (Paperback)

By Ted Holt

MC Press, LLC, United States, 2017. Paperback. Condition: New. 6th ed.. Language: English . Brand New Book. The IBM i Control Language, or CL, is the human interface to one of the most successful computing platforms ever. Mastery of this language is necessary to get the greatest benefit from the IBM i server. This book helps programmers and system administrators using IBM i get the most out of the platform by writing useful CL programs. This new edition has been updated for IBM i 7.3 and includes new built-in functions, new data types, and new support for SQL. Upon completion of the book, readers will be able to write and compile robust, production-grade programs in the IBM i Control Language, guided by a CL expert.

Reviews

A top quality publication along with the typeface utilized was intriguing to read through. It is amongst the most awesome pdf i have got read through. Its been developed in an remarkably straightforward way and it is only right after i finished reading this publication in which actually altered me, modify the way i believe.
-- Don Pacocha

It in a single of the best pdf. Better then never, though i am quite late in start reading this one. I realized this ebook from my dad and i encouraged this publication to understand.
