Reviews

Absolutely essential read through pdf. it was actually writtern extremely flawlessly and valuable. You will like how the writer publish this book.

(Destin Leffler)

DUNGEONS AND DRAGONS AND PHILOSOPHY: RAIDING THE TEMPLE OF WISDOM (PAPERBACK)

Open Court Publishing Co ,U.S., United States, 2013. Paperback. Condition: New. New. Language: English . Brand New Book. This volume will convince readers that the swift ascent of the tabletop role-playing game Dungeons and Dragons to worldwide popularity in the 1970s and 1980s is the most exciting event in popular culture since the invention of the motion picture. Dungeons and Dragons and Philosophy presents twenty-one chapters by different writers, all DD aficionados but with starkly different insights and points of view. It will be appreciated by thoughtful fans of the game, including both those in their thirties, forties, and fifties who have rediscovered the pastime they loved as teenagers and the new teenage and college-student DD players who have grown up with gaming via computer and console games and are now turning to DD as a richer, fuller gaming experience. The book is divided into three parts. The first, Heroic Tier: The Ethical Dungeon-Crawler, explores what DD has to teach us about ethics and about how results from the philosophical study of morality can enrich and transform the game itself. Authors argue that it's okay to play evil characters, criticize the traditional and new systems of moral alignment, and (from the perspective of those who love the game) tackle head-on the recurring worries about whether the game has problems with gender and racial stereotypes. Readers of Dungeons and Dragons and Philosophy will become better players, better thinkers, better dungeon-masters, and better people. Part II, Paragon Tier: Planes of Existence, arouses a new sense of wonder about both the real world and the collaborative world game players create. Authors look at such metaphysical questions as what separates magic from science, how we express the inexpressible through collaborative storytelling, and what the objects that populate Dungeons and Dragons worlds can teach...
