

Hydroponics for Houseplants: An Indoor Gardener s Guide to Growing Without Soil (Paperback)

By Peter Loewer

Skyhorse Publishing, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. Pick your container, fill it with water, and sit back and watch your plant grow! This book is the answer to anyone who has ever shied away from growing house plants because of messy dirt or fear of things dying if left for a few days without water. Ditch the hassle and learn how to grow plants indoors with nothing but water. Peter Loewer, an inveterate inventor of water gardening techniques, has written and illustrated this charming guide to teach readers the basics of hydroculture. This technique of growing plants in water has a history of almost 300 years, from experiments by an English botanist to the giant automated factory greenhouses of the twentieth century where vegetables are now grown commercially by the ton. Learn how to utilize this simple, time-tested method in your own home and never worry about over- or under-watering again! Peter Loewer, an inveterate inventor of water gardening techniques, has written and illustrated this charming guide to teach readers the basics of hydroculture. This technique of growing plants in water has a history of almost 300 years, from experiments by an English...

Reviews

A really wonderful book with perfect and lucid information. I actually have study and i am sure that i am going to gonna read through once more yet again in the future. I am pleased to explain how this is actually the finest ebook we have study inside my personal daily life and might be he finest book for at any time.
