WHAT DOESN'T KILL YOU.: THE HEADACHE FROM HELL AND A RELENTLESS SEARCH FOR HEALING (PAPERBACK)

Emerald Lake Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ever feel like something is too hard? Or that it would be a lot easier to quit than try to work through it? Everyone at one time has thought Forget it! That's too hard. What Doesn't Kill You. The Headache from Hell and A Relentless Search For Healing is the true account of Danny Friedman a successful businessman, husband and father driven nearly insane as his life spiraled downward from debilitating pain. Follow Danny's 21/2-year journey battling the ever-confusing and often uncaring healthcare system, as he struggled to regain the life he once had. Through perseverance and his commitment to find a solution, Danny successfully overcomes this horrendous ordeal by taking matters into his own hands and becoming his biggest advocate in the search for healing. It is the author's hope that this book will inspire people to cherish each day and never give up. As long as you have people that you love and who love you, there's nothing you can't do. Danny Friedman is an unstoppable powerhouse of positivity who found himself suddenly stopped. Between the pages of this book, his journey of anguish, perseverance, and even (maybe especially) laughter will become a palpable guidepost for you on how to break through the biggest obstacles in your life head first (minus the ache).
