

Concise Business Arithmetic (Classic Reprint)

By John H. Moore

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 294 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Excerpt from Concise Business Arithmetic The Concise Business Arithmetic has been prepared to meet the needs of those schools that have short courses in business arithmetic. It emphasizes fundamental processes and those subjects that are commonly used in the business world. The average student needs all the drill he can get to acquire accuracy and facility in the handling of numbers. This book is made up of twenty chapters selected from the Practical Business Arithmetic (Revised) and retains the features of that volume that have been so highly commended by teachers, namely: the presentation of each subject in a logical order; the selection of problems that appeal to the needs and the interest of the student and of the community as well; the omission of complex and useless problems and the inclusion of such material as will meet the needs of persons who have time for only a brief study of business arithmetic; a plan of grading and grouping problems which aids the student in acquiring facility and in advancing his educational equipment; the inclusion of an amount of work that will contribute...
