Brand New Book ***** Print on Demand *****.We sit at our computer searching for information about our ancestors and . click . we find something new and intriguing. But wait: it contradicts something else we ve found. Clearly, both pieces of information can t be true. So which is true and which isn t? Or are both untrue? HELP! Most family historians are more adept at gathering information than determining if it is accurate. An error can prove disastrous, gobbling up our precious time and money as we search in the wrong place - or worse, as we pursue the wrong ancestral line. So how do we ensure that our conclusions are accurate? Help! Historical and Genealogical Truth: How do I separate fact from fiction? is a must-read for family history detectives wishing to accurately trace their ancestry. Written in Carol Baxter s easy-to-read style, it explains how to evaluate our ancestral information so as to determine which is reliable and which is like a virus that corrupts our efforts. After reading this book, you too will be able to separate fact from fiction, truth from mistruth. Your ancestors will thank you! Abridged review from The Ancestral Searcher (HAGSOC) written by Eleanor Vardanega: The purpose of this book is to assist family historians to develop skills in accurately interpreting the information they have collected about their ancestors. Many people spend considerable time and money gathering information, so it makes sense you would want to be confident that this information actually relates to the correct (usually your) family and the conclusions that are drawn are accurate and defensible. This book provides a rigorous and systematic approach to getting at the truth. As set out...
