VISITOR AND COMMUNITY SURVEY RESULTS FOR KILAUEA POINT NATIONAL WILDLIFE REFUGE AND LIGHTHOUSE: COMPLETION REPORT: USGS OPEN-FILE REPORT 2005-1420

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 230 pages. Dimensions: 9.7in. x 7.4in. x 0.5in. The U. S. Fish and Wildlife Service (USFWS) and the Central Federal Lands Highway Division of the Federal Highway Administration, U. S. Department of Transportation are currently pursuing the planning and potential design of an alternative transportation system (ATS) for Kilauea Point National Wildlife Refuge (Refuge or Kilauea Point NWR). The USFWS and CFLHD seek an alternative transportation solution that provides the highest quality visitor experience and is sensitive to biological and cultural resources and the needs of the local community. In planning the alternative transportation system, managers need to consider how an ATS would change factors such as visitor access, visitor experience, visitor willingness to pay, and visitor net economic benefits. The Policy Analysis and Science Assistance branch (PASA) at the U. S. Geological Survey Fort Collins Science Center is dedicated to studying relations between humans and the environment. The objective of PASA is to conduct studies to understand how humans are affected by environmental management decisions and how human activities impact use and conservation of natural resources. This item ships from La Vergne, TN. Paperback.
