CONVERSATIONAL SCIENCE MCAT(R) VOLUME 1: BIOCHEMISTRY AND HUMAN BIOLOGY STUDY GUIDE

Sonoran Desert Scientific, LLC, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Conversational Science series is a new (or, at least, different) approach to preparing for the latest version of the Medical College Admissions Test*. This bit is only my personal opinion, but I think the easiest way to do well on the MCAT is to understand the material. This study guide has a limited number of review questions so you can check if you really did understand one chapter before you move on to the next. This study guide DOES NOT contain any practice exams. This is because (in my opinion, again, based on my experience as a student and as an instructor) the questions in the practice exams of many study guides are too often confusing, poorly written, and not at all like the actual questions on the actual exam. And, sometimes, the answers given for some questions on some practice exams are just plain wrong. This study guide may not be for everyone, but I think there s a good...
