Filesize: 9.17 MB

### **Reviews**

*This type of publication is every thing and got me to seeking in advance plus more. I was able to comprehended every thing out of this created e ebook. I am easily could possibly get a satisfaction of reading a created ebook.*  
(Sonya Koss)

## EDISON: A LIFE OF INVENTION (PAPERBACK)

John Wiley and Sons Ltd, United States, 2000. Paperback. Condition: New. New ed. Language: English . Brand New Book. The definitive biography of the century's godfather of invention—from the preeminent Edison scholar Israel's meticulous research and refusal to shy away from the dodgier aspects of Edison's personality offers a fresh glimpse into the life of the inventor. -New Scientist Remarkable. -Nature An authoritative look into Edison's working methods, here leavened by enough personal detail to give the achievements shape. -Publishers Weekly Highly recommended. Israel's book should go a long way toward taking Edison out of the shadows and placing him in the proper light. -Atlanta Journal-Constitution Exhaustively researched, with strong emphasis on Edison's methods and achievements. -Kirkus Reviews The conventional story of Thomas Edison reads more like myth than history: With only three months of formal education, a hardworking young man overcomes the odds and becomes one of the greatest inventors in history. But the portrait that emerges from Edison: A Life of Invention reveals a man of genius and astonishing foresight whose career was actually a product of his fast-changing era. In this peerless biography, Paul Israel exposes for the first time the man behind the inventions, expertly situating his subject within a thoroughly realized portrait of a burgeoning country on the brink of massive change. Informed by Israel's unprecedented access to workshop diaries, notebooks, letters, and more than five million pages of archives, this definitive biography brings fresh insights to a singularly influential and triumphant career in science.
