Brand New Book ***** Print on Demand *****.Are you or a loved one challenged with heart-related physical conditions? Are you a forward-thinking person who believes in taking preventative measures? Are you an energy worker striving to find another tool with which to help clientele? Are you wanting to manage your heart dis-ease challenge with more than medication, exercise and diet? This is the book for you. Heart Strings will help you understand the emotional connections to heart dis-ease and help you target your specific situation to a chamber of the heart that may be more susceptible to your challenge. Heart Strings discusses chakra inter-relationships and spiritual connections within and around the heart (organ). Faith is encouraged in all healing, but sometimes faith is augmented by an understanding of the energies involved in the process. You can get your physical explanations and requirements from your doctor; what you may not know or understand is that the heart, more than any of your other organs, is affected by your emotions. Like it or not, learning more about how you process emotion (or are retaining destructive emotions) is imperative in helping you lessen the impact of heart dis-ease. Heart Strings is a great first step in your journey toward better understanding how you can become a facilitator of your own better emotional/heart health.
