E-Booktime, LLC. Hardcover. Book Condition: New. Hardcover. 260 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. This book not only encompasses events in Europe with the American GI, it takes you to my talks with Richard Nixon, Robert Kennedy, Frank Sinatra and top music people; and with the former Chancellor of Germany, the King of Hungary, and German generals who helped us win World War II. I include my meeting Otto Skorzeny, the dashing Errol Flynn-like hero who rescued Mussolini from captivity, who later received retribution from his own people. Many dangers for our country lurk in the shadows waiting to happen. This book takes you there to caution and alert you. This book is about truth and regard for important issues that face our nation. These concerns should not be taken lightly. My wish is to get the public involved in finding a way to make a difference by making informed choices. This book is about my life and how people placed ambition and pride over all other values, it is about the hatred that cost this country many lives. There are people who stand out in my mind because they went beyond ordinary weaknesses to stand up for what they felt was right. They showed courage in the face of fear and carried on bravely for their fellow man in the name of justice and freedom. I ask that each reader seriously consider the evidence I present and form his or her own opinion on some controversial issues. As I present my thoughts and experiences, you will come to know that I place a high value on empathy and compassion for people. My hope is that this book will help remind you of the injustices all around us. My mission is to keep the heroes of the last century fresh...
