Beckoning: When Happiness Calls How to release negative and limited thinking and reveal the happiness waiting for you. Rebecca B. Cooper, the creator of Flip Your Thinking (TM) - Flash Cards for the Soul, was forced to reinvent her life after a series of intense losses. She quickly learned about the dark side of the law of attraction - that when you feel and think like a victim, you attract more heartbreak. She had heard change your thinking - change your life but struggled with how do you change the thought patterns you ve been practicing for years? How do you rewire your brain for happiness? Beckoning is the story of how she turned the downward spiral around and in the process built a company to help others do the same. Through storytelling and thought-provoking questions, Rebecca guides us to connect with the wisdom held in the everyday events of our own lives. Beckoning will spark your imagination and inspire you to create the life you wish to live. The power of what Rebecca offers isn t only in the pearls of wisdom. it s in the story. There s an impact of information shared through storytelling that far outshines the standard here is some good advice self-help book out there. It helps information become real.
