NATIONAL HEALTH: FROM MAGIC, MYSTERY, AND MEDICINE, TO A NATIONAL HEALTH SERVICE (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from National Health: From Magic, Mystery, and Medicine, to a National Health Service War, it is said, brings forth the best and highest qualities of a nation; but the Great European War has revealed many weak spots in our National armour, and we must rise to a higher level of Social Organization if we are to retain our proud position as a leader among the nations. Germany has learned the advantages and power to be gained by National action, and will consequently be a more dangerous rival after the War than she was before, unless we also have learned the same lesson. The nineteenth century was the century of Individualism: the twentieth promises to be the century of Social Organization. The Government Committee on Reconstruction is evolving many schemes. The health of the nation is worthy of, and calls for, early and full consideration and the reconstruction of our organization for maintaining it and combating disease demands immediate attention. The following chapters have been written with a View to stimulating public thought on this very important subject.
