Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Squirrel-Cage The house of the Emery family was a singularly good example of the capacity of wood and plaster and brick to acquire personality. It was the physical symbol of its owners position in life; it was the history of their career, written down for all to see, and as such they felt in it the most justifiable pride. When Mr. and Mrs. Emery, directly after their wedding in a small Central New York village, had gone West to Ohio they had spent their tiny capital in building a small story-and-a-half cottage, ornamented with the jig-saw work and fancy turning popular in 1872, and this had been the nucleus of their present rambling, picturesque, many-roomed home. Every step in the long series of changes which had led from its first state to its last had a profound and gratifying significance for the Emerys, and its final condition, prosperous, modern, sophisticated, with the right kind of woodwork in every room that showed, with the latest, most unobtrusively artistic effects in decoration, represented their culminating well-earned position in the inner circle of the best society of Endbury. Moreover, they felt that just as the house had been attained with effort, self-denial and careful calculations, yet still without incurring debt, so their social position had been secured by unremitting diligence and care, but with no loss of self-respect or even of dignity.
