A girl's conviction is questioned when Death starts visiting her dreams. Bethesda Lily has always been a sickly girl, but lately her body seems to be giving out on her. A skinny diabetic, Bethesda is a frequent flier at her local hospital, visited only by her sister, her sister's pig-headed, James Dean look alike boyfriend and, on occasion, the soul of Death. When doctors fail repeatedly to diagnose a painful stomach condition, she begins to question faith, life, and man's desire to live forever. As Bethesda's health continues to nosedive and her home environment crumbles, she finds comfort in a handsome stranger named Venice. Together, they embark on an unusual quest to find a cure. A touching tale of inner strength and family turmoil, The Tip of Eternity makes us wonder who to turn to and who to turn away from when death seems a luxury. This item ships from La Vergne, TN.
