Debt, divorce, and disappointment await the average graduate with average thoughts. So begins Life-Altering Choices Graduates Encounter, a journey designed to improve the decision-making abilities of 18-23 year-olds in the areas of money, relationships, time, and values. This collection of success perspectives was developed in response to a question-- So, what have you learned since high school that would be useful? Choices such as dating, financial planning, and other significant Life events are combined with references to respected experts (e.g., Socrates, Buss, Malkiel) to provide graduates with multiple options for credibly advancing toward key Life goals. Additional reflection questions offer readers the opportunity to personalize the insights and create happier, more fulfilling lives. Just in time for graduation.
