Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Almost everyone these days has home internet service. It is a big part of our everyday lives starting at a very young age. Like most things in our lives, when everything is working well, all is well. When things stop working well, it is very frustrating. This book is for the average person who wants to get the most from your internet service and Wi-Fi. There is not a lot of deep tech info in this book, there is just enough for you to know how everything works. Just enough so you can make it work better. This book is for advice, tips and techniques that regular non techy people can do to get the best out of your internet access and wi - fi with less frustration. Having good internet everywhere in your home is something we all want. Unfortunately, it is not something that always happens. There are a many reasons why it s not always what we want. There are many things that you can do to improve your service. Wi-Fi is so important when you are trying to do so many things wirelessly in your house. The more people that get on the Internet the more congested it gets. There are limits to how many people can use the service at the same time over the same pathways. Like a highway, the pathways do get congested. Getting the service to your house is the job of the ISP that you have for your service. Many of them are working all the time to get the service to you better and faster. Once it gets into your house, it is your wi - fi that is the biggest...
