SCM PRESS, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book. Worship that Cares is in introduction to the principles and skills of `pastoral liturgy . It offers an overview of the ways that worship can be a means of pastoral care, such as ways that Sunday worship can extend care to those who attend, but is focused on those acts of worship which begin with a particular pastoral need. It goes on to consider how the principles which underlie these `standard rites can also be applied to what might be considered `new pastoral contexts or needs (such as rites to mark retirement etc.) and those situations which are not acknowledged in church circles (such as divorce etc.). A final chapter discusses ways that the church can move out into the community, offering `apt liturgy to help community groups to mark crises and joys with non-churchy rituals which nonetheless help people to connect with a world beyond themselves, with the divine and with the Christian story. Mark Earey provides a toolkit of principles and skills which can be applied across different denominations and Christian traditions, in both formal and informal contexts, and to meet traditional and non-traditional pastoral needs.
