Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.We often think of dating as a stage of life that ends with marriage promises and responsibilities. As a dating couple, it's all about getting to know one another and impressing your date. The dating stage is temporary. We hope to move past this stage into engagement and marriage. But what if we started to treat dating as a life-long pursuit of your spouse instead of a stage? How would your marriage change? Over the next year, you will embark on one pre-planned date night each month. These date nights come complete with directions, discussion starters, and check-in questions. Each month will have a theme and focal point specifically designed to help you improve your marriage. At the end of one year, you'll take a marriage retreat for two where you'll talk about your marriage and where you want to go in the future.
